WHY IS THE DAY AFTER THANKSGIVING CALLED

Black Friday

In the world of accountants, red signifies a loss, and black signifies a profit. For many retailers, the Christmas holiday sales season represents 1/2 to 3/4 of their annual sales. Often retailers are losing money until the holiday sales begin. Holiday sales formally begin the day after Thanksgiving. So, Black Friday represents that turning point, from loss towards big profits!

National NOVEMBER DIABETES AWARENESS MONTH

There isn't a cure yet for diabetes, but a healthy lifestyle can really reduce its impact on your life. What you do every day makes the difference: eating a healthy diet, being physically active, taking medicines if prescribed, and keeping health care appointments to stay on track.

- 29.1 Million US adults have diabetes—and 1 out of 4 of them don't know they have it.
- At least 1 out of 3 people will develop diabetes in their lifetime.
- Medical costs for people with diabetes are twice as high as for people without diabetes.
- Risk of death for adults with diabetes is 50% higher than for adults without diabetes.
