October 7th-13th

Did you know that cooking fires are the number one cause of home fires and home injuries?

"Cook With Caution"

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, boiling, grilling or broiling food. If you leave the kitchen for a short period, turn off the stove.
- Keep anything that can catch fire-- oven mitts, wooden utensils, food packaging, towels or curtains-- away from your stovetop.
- Use a timer to remind you that you are cooking.
